Invitation to "Meet the Funders" March 26th 1-4pm
Invitation to Brian Taylor's Big Debate

Local Unsung Heroes

I received the following email (below) and would welcome suggestions to be passed on to Jim Eadie. (*We understand that Tom Gilzean is already being nominated for an award by the Sick Kids Foundation.*)

"Dear Sue

Please let me introduce myself. I work for Jim Eadie MSP and I am currently researching local unsung heroes.

I wondered if you could provide me with any information on anyone in your local area that you think may fit the bill and provide me with a summary about them and why you think they would fit the bill.

Kind regards

Lynn Millar"

South Central Neighbourhood Partnership (SCNP)

The next meeting will be on Monday February 27th – a draft agenda is in the Circulation file. The next meeting of the HMO Working Group has still to be arranged. No date has yet been set for assessing applications for the Capital Roads Funding programme for 2012/13.

Parking on Mayfield Road

At the last meeting AG raised the problem of parking in restricted areas making it unsafe for child cyclists. The following information was sent by Gavin Brown (CEC):
"Since 1 December 2011 the street has been visited 261 times and 39 parking tickets have been issued during the peak prohibition times. The street is already on our main traffic route list and we will add it to our problem streets list for the next fortnight. Hopefully this will have some effect on the problems you are experiencing."

Dates of meetings which may be of interest
